

Transitional Assessment Tools

Shared in the February 2017 TPN Gathering

Adizes Corporate Life Cycle

New Church Specialities

NCS for churches under 250

CRM for churches above 250

Interview teams to ask four questions:

Would you recommend this church to someone?

What would prevent you from inviting someone to this church?

Can you state the mission and vision statement

If you were the Lead Pastor what are the top three things you would do?

We attempt to meet with everyone in the church

Do personality profiles with Board and Staff (DISC)

Health assessment – Outreach Canada has a tool

Survey monkey as the delivery platform

NCD- Natural Church Development

Summit:

- what is it you really like about this church? why is this home?

- what could the church look like 5 years?

- what would you like to see in the next pastor?

- where do you see us in the lifecycle? (should include demographics of who is filling this out?)

Process all of this with the pastors and elders, develop a draft vision document

Church in Crisis – CHAT – church health assessment team

- what do you love about the church?

- what do you want to see changed?

- what is your solution?

- we pray for each person

Life Initiative – Listening to give feedback and insight (for a generally healthy church)

- what are the top 3 indicators of health and momentum?

- where do you see the church struggling?

- what is your solution?

- we pray for each person
